Amazon.com: The Image: A Guide to Pseudo-Events in America ...

THE IMAGE by Daniel Boorstin is a seminal work on the popular culture in America. Though first published in 1969, it is as relevant today as it was then; perhaps more so given the clarity and vantage point of time and experience. In the fall of 1975, this book was required reading in my freshman college Eng 101 class.

Amazon.com: The Image: A Guide to Pseudo-Events in America ...

The Image is a modern classic of sociology first published in 1961. Anyone reading it today will probably be struck by how Boorstin identifies trends that are so prevalent today -especially the way society is fixated on images rather than the underlying reality.
